	<p> YES WITH CONDITIONS</p> <p>We will be speaking to credit reference agencies to ensure consistent treatment of those customers to whom a repayment holiday is made available. We recognise that these are unprecedented and difficult times for customers. This is why we are offering customers who are up to date with their mortgage payments and impacted by COVID-19 the ability to self-certify if they need help. We will commit to help customers the best way for the individual, but an automatic payment holiday may not always be the most suitable approach and may not be required by all customers. Should the customer wish, we could conduct a full assessment of their finances. It's therefore important that customers who believe they may be impacted by COVID 19, either directly or indirectly, contact their lender at the earliest possible opportunity to discuss if the payment holiday is a suitable option for them. 	<p> YES WITH CONDITIONS</p> <p>Customers who are up to date with their mortgage payments and not currently in financial difficulty can request a 3 month payment holiday if they need help as a result of COVID 19. Customers will self-certify, disclosing that they are impacted by Coronavirus, we will not be asking for any further validation of this. Providing a payment holiday will not attract arrears or adverse Credit data. Once the payment holiday is over, we will look at options to recalculate deferred payments but will contact the client about this. These deferred payments mean that interest will not be collected on their balance (which is not reducing either). Once recalculated, their payment will increase as the balance + interest on the balance not collected during the holiday will be rescheduled over a slightly shorter term. If customers are ready to arrange an immediate payment holiday, they'll need to fill in the online mortgage payment holiday form and we'll action their request immediately. 	<p> YES WITH CONDITIONS</p> <p>In line with the announcement from UK Finance, customers with a Metro Bank mortgage will be able to request a three month repayment holiday where they are experiencing issues with their finances as a result of coronavirus. Under usual circumstances we would assess the customer's financial situation and ask them to provide information so that we can consider what forbearance options may be the most suitable. We recognise that these are exceptional circumstances and we want to support our customers, so we are not asking them to provide proof in order for us to consider a repayment holiday. We only ask that they call us so that we can discuss their situation and how we can support them. This measure covers residential mortgages and buy-to-let mortgages for landlords whose tenants are experiencing difficulty due to coronavirus. Customer who are already in arrears may not be eligible for a payment holiday, but there are other ways that we can support them so we encourage them to get in contact. After the 3 months the payments they would have made are capitalised and added to the total balance of the remaining loan. At this point a recalculation will be done to take in to account the additional balance and generate a new monthly payment for the customer moving forward. Customer will not be able to switch their mortgage to one of our other products whilst on a payment holiday. If they want to switch soon, please arrange their switch before they request a payment holiday To apply for the payment holiday, customers can call 08004643030 and 0800302011 or apply online at <a href="https://www.nationwide.co.uk/support/coronavirus/mortgage-payment-holiday">https://www.nationwide.co.uk/support/coronavirus/mortgage-payment-holiday</a></p>	<p>Awaiting Criteria from Lender</p>	<p> YES</p> <p>Nationwide are temporarily pausing new lending above 75% LTV across broker and online channels. 	<p> YES WITH CONDITIONS</p> <p>To help our mortgage borrowers at this difficult time due to Covid-19, in line with government requirements, esbs will consider payment holidays for those in need. However, a payment holiday may not be in the customer's best interests, as the account will still incur interest charges during the payment holiday, and so the balance will increase leading to higher future payments without a term extension. Therefore, we will look to ascertain each individual's exact circumstances to ensure they receive the most appropriate guidance within the available forbearance measures, many of which the Society has been using over many years. This could include moving to interest only payments as an example. If the borrower opts for a payment holiday, up to a maximum period of 3 months, it will be agreed by us and if they have spare funds, payments of any amount could still be made during this period. We will return a zero payment (unless a higher amount is agreed through forbearance) to the credit agencies so that their credit rating is not affected, and no arrears will be applied (unless an agreed payment is not covered). We will also verify individual Equifax extracts to ensure accounts have been reported correctly, and we will waive our usual fee for changing the mortgage term or type.
